effectiveness  
confirmed  
by research

### **What else we are proud of:**

research\* proved that after four weeks of using our serum, the elasticity of the skin increased averagely by 15%, and fine and medium wrinkles got reduced and less visible. 100% of the respondents confirmed that the cosmetic makes the skin regain its glow and youthful appearance.

## ANTI-AGE SERUM

### **Why you will love it:**

for its effectiveness. It is intensively concentrated anti-wrinkle treatment, unreplaceable in fighting the first signs of ageing. The serum effectively shallows the wrinkles and reduces the visibility of crow's feet and facial lines. Smoothes and tightens the skin, restores its firmness and elasticity and makes it regain its youthful appearance.

### **Our secret is:**

formula based on plant collagen obtained from acacia that makes the skin visibly regain its youthful glow. Biologically active tripeptide accelerates the cell renewal and reduces the depth of wrinkles. Vitamins A, C and E enclosed in liposomes, combined with beta-carotene moisturize and nourish the skin. We have enriched the serum with avocado oil that has a regenerating effect and protects against the harmful effect of external factors.

### **What else you should know about it:**

our serum has an extra light consistency and can be perfectly applied and absorbed. It is suitable for all skin types with first signs of ageing.

### **How to use it:**

gently massage the serum into a cleansed skin of face, neck and cleavage. Leave to absorb. Use it two times a week. You can use it alone or apply a face cream after using it.

## LIQUID FISH COLLAGEN

### ♥ Why you will love it:

for its rich composition and comprehensive action. Collagen improves the hydration, elasticity and density of the skin. Vitamin C supports its production to ensure the right functioning of skin. Biotin, iodine, niacin, vitamin A and riboflavin help to maintain a healthy skin. Biotine also helps to maintain a healthy hair. Zinc ensures a proper condition of hair and nails. Vitamin C, riboflavin and zinc participate in protecting the cells against the oxidative stress.

### 🔍 What else you should know about it:

our fish collagen is the most effective composition of collagen peptides possible, optimized to support a beautiful skin. It is perfectly absorbed by the human body.

### 💡 Why you won't change it for any other:

thanks to natural concentrates and purees it has a delicious taste of exotic fruits. You won't find any sweeteners, colours and flavours in it.

### 👉 How to use it:

take 20 ml daily with a meal. Recommended daily dose is 20 ml.

500 ml

### OXIDATIVE STRESS

is a disturbed balance between an amount of harmful free radicals and antioxidantes that neutralize them. It can contribute to accelerate the process of ageing of the body.
